Instrumentation Services Inc. Merges Field Service Group with Control Automation Technologies

Instrumentation Services Inc. (ISI) has announced the signing of a definitive agreement with Control Automation Technologies Corporation (CATC) to merge their Field Instrumentation Services Operations into a single operating group. The combined operations will become **ISI** and be lead by Robert Manuelsmith, President of **ISI**. The transaction will close in January 2007

“The ownership of ISI has envisioned expanding regionally for sometime” said Manuelsmith. He continued, “This move enables ISI to increase its resources and service capabilities throughout the Mid Atlantic and Southeastern US to better serve our existing and future clients. Furthermore, our joint marketing initiative with CATLab™, (CATC’s test equipment calibration division) will expand the services we can offer. We are excited about the opportunities this transaction brings and look forward to other similar opportunities in the New Year”. Michael B. Watson, President of Control Automation Technologies Corp. stated: ”I am pleased to join forces with such a fine organization as ISI. Our customers and employees alike will reap numerous benefits through the combined strengths, talent and geographical advantages this merger presents. I will continue to be involved in Marketing and Sales of the new ISI as well as heading CATLab’s North Carolina, Virginia and expanding laboratories”.

ISI was established in Charlotte, NC in 1972 as an instrumentation service company focused on partnering with clients to improve and maintain their processes controlled by instrumentation. Today, ISI provides technology driven services to a wide range of clients in all industries. ISI specializes in: **Instrumentation Services, Predictive Maintenance, and Process Control System Services**. ISI serves over 500 clients in the Mid Atlantic and Southeast US. ISI is ISO 9001-2000 registered and ISO 17025 accredited. ISI’s headquarters is located at 12857 E. Independence Blvd, Suite F, Matthews, NC 28105 (800-532-0615) with offices in Greensboro, NC, Sanford, FL, and Houston, TX.
